Copeland Oaks Fountain Dedication

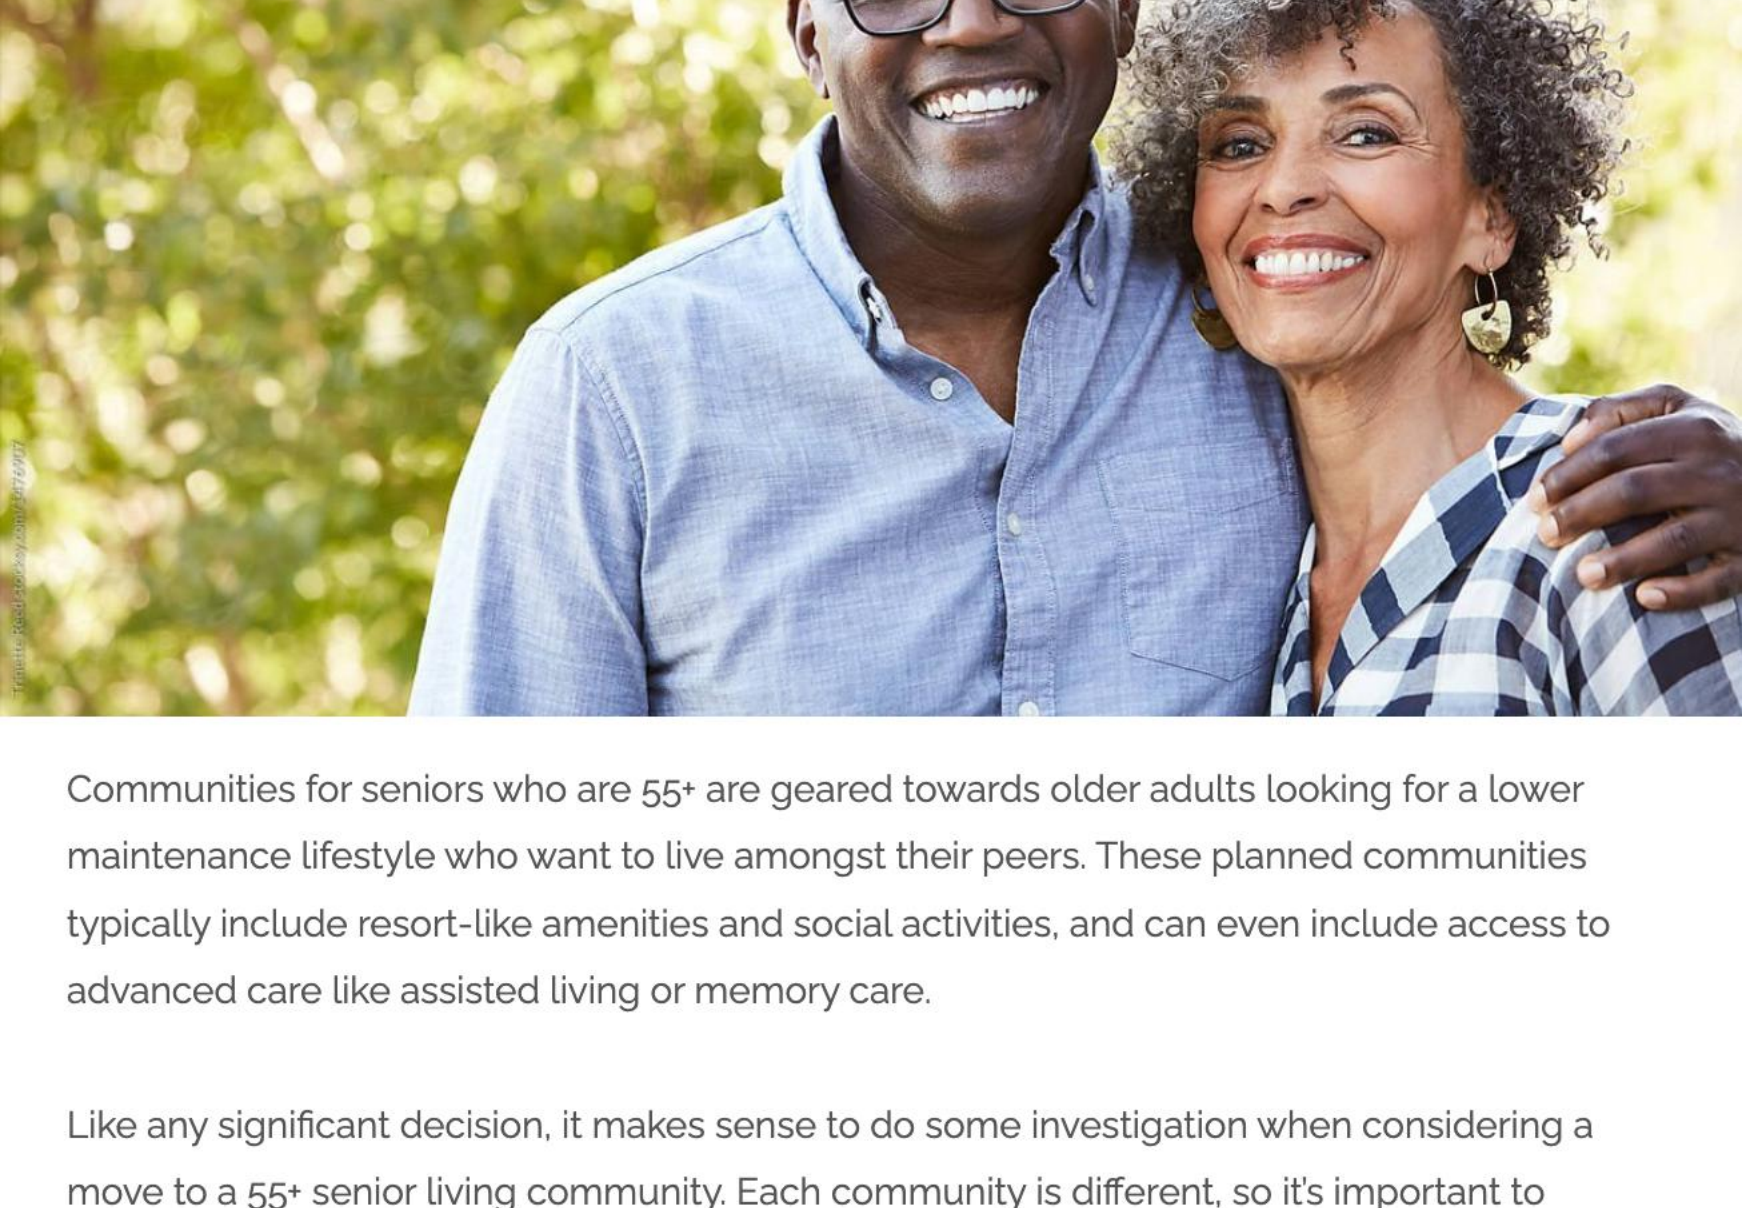

We are thrilled to announce that our fountain renovation is officially complete, and it is breathtaking! This project would not have been possible without the generous donation from a dedicated board member and a beloved resident. On April 28th, The Oaks Foundation hosted a heartwarming luncheon at the magnificent Sebring Mansion to celebrate this momentous occasion.

During this special event, we honored the exceptional contributions of Dr. Thomas Vrable, whose unwavering support and generosity have played a pivotal role in making our fountain renovation a reality. We express our deepest appreciation for Dr. Vrable's commitment to our community and his vision for creating a place of beauty and tranquility. In addition, we paid tribute to the memory of a cherished previous resident, Calvin "Gene" Hutto, whose legacy lives on through his love for our community. His spirit of compassion and care will forever be remembered as we enjoy the beauty of our newly renovated fountain.

As you stroll through our grounds, take a moment to reflect, find solace, and appreciate the tranquility that our fountain brings. It is a symbol of unity, love, and the shared commitment we have to make our community an even more vibrant and beautiful place to call home.

How to Choose the Best 55 and Over Senior Living Community

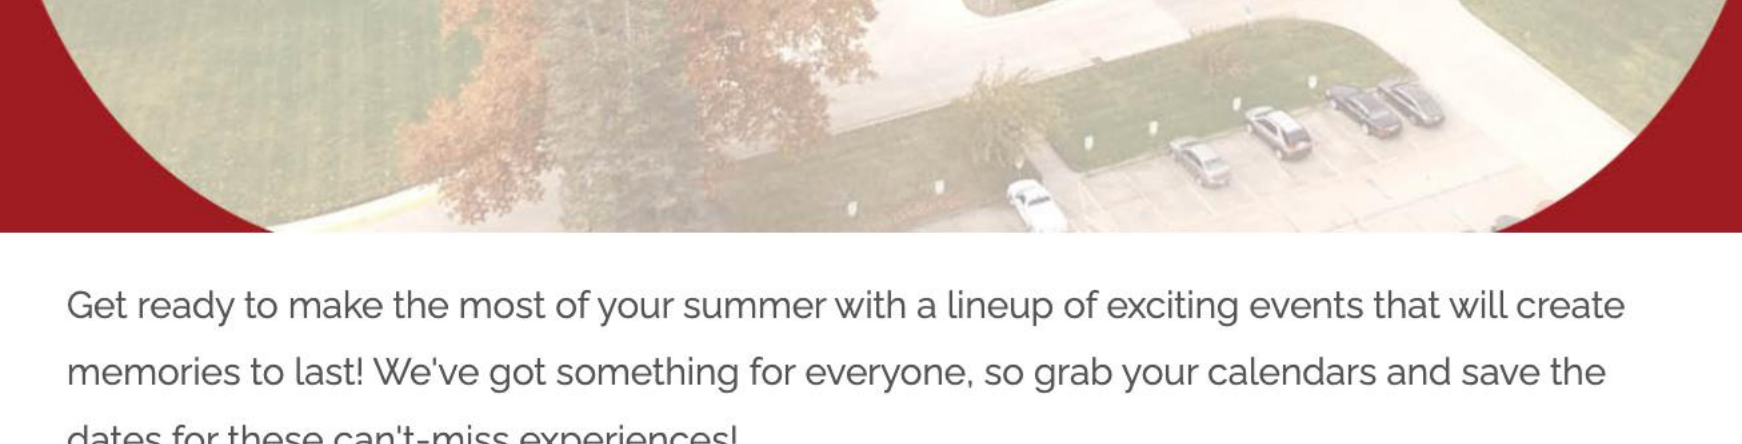

Communities for seniors who are 55+ are geared towards older adults looking for a lower maintenance lifestyle who want to live amongst their peers. These planned communities typically include resort-like amenities and social activities, and can even include access to advanced care like assisted living or memory care.

Like any significant decision, it makes sense to do some investigation when considering a move to a 55+ senior living community. Each community is different, so it's important to explore the options to find the right place for a senior's individual needs.

Visit our blog to learn more about choosing the right senior living community!
